

Praise and Prayer from Juanita Fike

March 2015

Do you enjoy being a helper, an encourager, a blessing, an enabler of good things? If so, abundant opportunities exist for eager servants whom God calls and enables.

FUNDS NEEDED:

- As UIM pilots transport National and Huichol Bible teachers into Central Mexico's isolated mountain villages, indigenous people are coming to Christ and growing in Him. UIM seeks those willing to help with flight expenses of these indigenous servants.
- UIM believes a helicopter could enable remote areas with no roads or airstrips to be reached for Christ. It seeks funds for a helicopter feasibility study and, if effective, likely for a helicopter.
- God has provided qualified mechanics and flight safety through adverse weather conditions, animals on runways, etc. UIM's strict aviation standards include regular inspections and overhauls. A firewall forward overhaul (including engine, propeller, and accessories) is due soon, for which funds are needed.
- Through the years many First Nations campers at UIM's Rock Nest Ranch (RNR) in British Columbia have trusted Christ. With un-weatherized facilities and space too limited to accommodate camper numbers, RNR needed a larger, weatherized facility. Construction of a new lodge has moved slowly, as funds and workers became available. Funds are needed to complete the required refrigeration system before a use permit will be granted, which, prayerfully, will occur before this summer's camping season.
- Ana's Kitchens in Guadalajara and Oaxaca, Mexico, faithfully provide physical and spiritual food for numerous needy people. In Guadalajara those trusting Christ have formed a church body. Ongoing funds are needed to sustain these evangelistic outreach ministries.

PERSONNEL NEEDED:

- With summer ministries soon upon us, village workers and camp help are needed: cooks, kitchen helpers, maintenance workers, counselors, a lifeguard, musicians, chapel speakers, etc.
- The need for urban and rural church-planting/development teams is ongoing.
- We are eager for persons with a heart to reach university and college students.
- Accounting, graphic arts, computer technology and repair, promotional non-profit marketing, editing/writing, photography, aviation, and automotive skills are greatly needed.
- *Urgently needed:* A couple to manage UIM's Glendale, AZ, property and hospitality ministry.

PRAYER NEEDED:

- For God to provide and to work in and through UIM missionaries and outreaches for His glory
- For wisdom in my working with Native girls and for the salvation of them and their families
- For my unsaved neighbors
- For wisdom in completing the book of stories about God's working in people's lives

I enjoyed a recent weekend speaking at a ladies' retreat for a supporting church and giving the church an update of UIM's and my ministries. I also reconnected with one of my MKs I hadn't seen for a couple of years. I'm looking forward to hosting a short-term mission team from Frontier School of the Bible this month for the eighth year (14 expected this year). I'll serve two Sunday suppers and a Monday morning breakfast and provide lunch essentials for their hike into Havasupai Canyon for a week of ministry.

Thank you for being on my team,

Juanita
